DESCRIBE THE PRESENT AND ORIGINAL (If known) PHYSICAL APPEARANCE

The house is a two story frame house with a two story galleried porch across the main (south) facade. The present central chimney was once the end chimney for a smaller house. The present facade is six bays wide, with two doors at each floor level and windows flanking each door. The windows are 6/6 double hung sash.

A rear, one story wing partially hides the rear facade. The east end, however, which is exposed, has two windows on each floor.

Except for small attic windows, the east end wall is blank. The west end wall has attic windows and one each on the first and second floors. The boxed cornice is not returned; it is, however, carried along the end of the porch roof.

The house sits on a stone foundation.

It has been covered with asbestos siding.
